# Marlboro town report 1972

## WARNING

The legal voters of the Town of Marlboro, Vermont are hereby notified and warned to meet in the Town House in said Marlboro on the first Tuesday in March, March 6, 1973 at 10:10 A.M. to consider and act upon the following articles, viz:

- ARTICLE 1. To elect a Moderator.
- ARTICLE 2. To act upon the Auditors' Report.
- ARTICLE 3. To see if the Town will authorize and empower the Selectmen to appoint one or more Road Commissioners, or to elect by ballot.
- ARTICLE 4. To see what compensation the Town will vote for Town Officers.
- ARTICLE 5. To elect all Town Officers required by law to be elected at the Annual Town Meeting.
- ARTICLE 6. To see if the Town will vote a sum of money or a rate per cent for all Town expenses.
- ARTICLE 7. To see what sum of money or rate per cent the Town will vote for the General Fund.
- ARTICLE 8. To see what sum of money or rate per cent the Town will vote for the maintenance of summer highways.
- ARTICLE 9. To see what sum of money or rate per cent the Town will vote for the maintenance of winter roads.
- ARTICLE 10. To set a date when taxes are payable and to whom payable.
- ARTICLE 11. To see if the Town will authorize the Selectmen to acquire by gift or purchase, land for a municipal forest, to promote reforestation, water conservation and good forestry practices.
- ARTICLE 12. To see if the Town will vote a contribution to the Marlboro Volunteer Fire Company, and if so, how much.
- ARTICLE 13. To see if the Town of Marlboro will vote the sum of \$296 to defray the Town's share of expenses of the Windham Regional Planning Commission for the year beginning July 1, 1973.
- ARTICLE 14. To see if the Town will vote the sum of \$503.00 to the Windham County Mental Health, for general mental health purposes.
- ARTICLE 15. To see whether the Town will adopt or reject Kenneth V. Fisher, Jr.'s request to repeal Section 255 and Section 450 of the Marlboro zoning Ordinance. (By Australian Ballot by those present)
- ARTICLE 16. To transact any other business which may legally come before the Meeting.

Subject to additions and revisions presented according to law, prior to the date of posting. The Meeting will begin promptly at 10:10 A.M.

Robert G. Elliott, Jr.  
James F. Herrick, Jr.  
William P. Davisson  
Selectmen, Town of Marlboro

## STATEMENT OF AUDITORS

As auditors of the Town of Marlboro we have examined all the books maintained by the Town Officers and by the Town School District. The information in this report is presented in good faith as a true and accurate picture of the Town's business for the year ending December 31, 1972.

We would like to thank Mr. James Simson for assisting us in this report, replacing Mr. John Nevins who was ill.

Respectfully submitted,  
Mrs. Dorothy MacArthur  
John P. Nevins  
Harold T. Makepeace

We would like to dedicate the 1972 Marlboro Town Report to Mr. Bernard Greenwood, Sr. for his 50 years of devoted service to Town, County, and State. This marks his 50th Town Meeting, a record few can match.

## **ELECTED OFFICERS**

## SELECTMEN's REPORT FOR 1972

The two main issues brought to the Town in 1972 were proposals for constructing new dwellings, made by Kenneth V. Fisher and by Anthony Cersosimo.

Mr. Fisher initiated his proposals late in 1971 with two moves, one being the process of trying to amend the Marlboro Zoning Ordinance under the terms of the Vermont Planning and Development Act (V.S.A. Title 24, Chapter 91, Sections 4403 and 4404) and the other being a Petition to the Windham County Court. The amendment process began with a letter to the Marlboro Planning Commission requesting that Sections 255 and 450 of the Marlboro Zoning Ordinance be repealed. The Planning Commission, after much discussion and consideration of opinions, held the legally required public hearing following which the Commission recommended to the Selectmen that the Town reject Mr. Fisher's proposals. The Selectmen then held their legally required hearing, which was thinly attended and to which no comments about or from Mr. Fisher were brought. The final judgment in this process is up to the voters who are to act on Article 15 of the Warning by Australian ballot.

Mr. Fisher's other move made in his and his wife's name against the Town of Marlboro, the Marlboro Planning Commission and the Marlboro Zoning Administrator, was the petition to the Windham County Court to declare the Marlboro Zoning Regulations and certain parts of them void and of no force and effect. The plaintiffs stated the intention and desire to erect nine dwellings on a total of 18 acres, and they could not do so under the Zoning ordinance. The case was heard before Judge William C. Hill in Newfane on 17, 19, and 22 May 1972. The Court Judgment was for the Town of Marlboro.

Mr. Cersosimo, represented by Mr. Addison Minott, proposed in March 1972 some construction at his expense on Town Highway 10, "43 Street", the road on the west slope of Stratton Hill, in order to widen and flatten some portions. The Selectmen replied that they should consult the abutting property owners (Messrs. Held and Berwick), review current plans for road alterations and find out the legal road width. On 29 June, Mr. Minott presented a sketch map suggesting some grades to be altered and some side slopes to be cut back, and he added that some bordering trees would have to be cut. Mr. Held had not yet been available to visit the area. By August, the Selectmen had heard from the other land-owners on Stratton Hill and decided against having any widening done. Mr. Cersosimo's needs for the road were limited to building one house and to logging. (The clearing into Mr. Cersosimo's woods some fifty feet wide and hundreds of feet deep was explained to be a logging road.) Small-scale building and logging have been possible with the present road: all the other users objected to changes; the widenings would change the character of the road; improvement could be brought by gravelling instead of widening; and the Town Transportation Plan indicates this as a minor rural road.

Mr. Cersosimo and some members of the Marlboro Planning Commission met with the Selectmen on 28 September for further discussions which led to a visit to the road site on the following Sunday morning. There, some confusion arose concerning trees that had been tagged during the summer at areas which had seemed to be those suggested for widening or straightening the road. The Selectmen had understood that Mr. Minott had intended to tag such trees to inform all concerned about the proposed works, but on this morning the tags were mostly gone. After a walk up the road, accompanied by several local house-owners, opinions remained unchanged, and Mr. Cersosimo declined to offer gravel instead of construction. The Selectmen held a special meeting with the Planning Board on 12 October, and their original decision was backed up by the Board. On October 28th, Mr. A. Luke Crispe, attorney for Mr. Cersosimo, wrote Mr. Price, Marlboro's attorney, to repeat the belief that the road needs repair, and to hope that a lawsuit can be avoided, and to withdraw Mr. Cersosimo's offer.

Another proposal concerning Marlboro roads was a State Department of Highways plan to remove bulky metallic waste (mainly junked vehicles) visible from Town and State highways. An agent of the Department of Highways toured the Town with a Selectmen one summer day to locate the junk, preparatory to getting landowners' permission to remove it, and the collection is due to be made in the coming summer.

The piece of road that produced the most complaints was the junction of the Church Hollow Road and Route 9. It is surprising that the promoters of the CD Development had not noticed the inconvenience of this junction at the onset. By adding some fill, the Town was able to widen the Church Hollow Road somewhat, but Route 9 is the State's concern.

The by-pass to avoid the corner at the top of the Higley Hill Road above the Whitney Farm was completed in the fall, but it has not been opened to traffic in order to let the fill settle.

The two new bays of the Town Garage were completed and painted this year. No new equipment was acquired. \$5,000 of the \$30,000 due on the Hough loader was repaid. Arrangements were begun to sell the old tractor that has been parked off the Branch Road.

A new Town Post, Civil Defense Coordinator, was created by the State during the year. The Selectmen chose the Police Chief for this post in order to avoid the confusion of having too many people giving instructions in case of an emergency. Town officials were neither consulted nor notified about the State plan to use Marlboro College as an evacuation center for Guilford citizens in case of a nuclear accident at Yankee Atomic in Vernon. (Guilford Emergency Evacuation Plan dated October 1971, and Vermont Emergency Plan dated the same month with additions dated October 1972). Marlboro College is required to make its own plans, and it has arranged to do so jointly with the Town.

A group of the College administrators and trustees began what is to be a series of informal talks with the Selectmen on matters of common interest. The problem of traffic hazards on South Road is likely to be one of the continuing topics.

Another series of meetings for the Selectmen was begun in the summer with the Brattleboro Selectmen and U.S. Soil Conservation Service concerning a system of flood control dams for the Whetstone Brook. So far, the Soil Conservation Service has offered some suggestions. The further meetings scheduled in early winter were postponed because of ice storms.

The Church Building Association asked the Selectmen for permission to keep some of their papers in the Town safe. This was given under the conditions that no additional individuals know the combination and that the Church papers be removed when the Town needs the space.

We decided to offer to the Town the suggestion of using the Federal Revenue Sharing funds to pay the balance due for the Town Office building. We understand that capital improvements are among the allowable uses for these funds. The 1973 budget shows our suggestion by eliminating the capital payment from the General Fund.

Before closing, we would like publicly to commend the Town's attorney, William B. Price, for the careful and loyal work done in defending the Town in court and helping all the Town groups who have needed his advice.

Post-script: In January, 1973, Mr. Price reported that the Windham County Court had just filed the transcript of Mr. Fisher's case. Mr. Fisher has appealed the verdict. The case is expected to be tried by the State Supreme Court late in the coming Spring.

Robert G. Elliot, Jr.  
James F. Herrick, Jr.  
William P. Davisson

**CONSTABLE AND POLICE REPORT FOR 1972**

During the year 1972, your Constable and Police Department investigated the following complaints, as well as other performances, to protect the properties in the town of Marlboro.

Animal	29
Auto	53
Vandalism	5
Personal Checks	3
Motorist Assist	3
Trespass	3
Misc.	31
Break & Enter	7
Total	130
Routine Patrols	51
Mileage computed (4 men)	2156
Hours 4 Men	1772

During 1972 Rodney Thayer successfully completed the basic in service training course, given by the Wilmington Police Department. Rodney's appointment as a Regular Police Officer brings the department strength to four officers, to protect the life and properties of Marlboro citizens. Continued early reporting of unusual happenings and emergencies, to the local emergency Telephone Number 254-4122 in Marlboro, will continue to make this Department a success, and further protect the Citizens of Marlboro.

Respectfully submitted,

Russell Southworth  
Chief Marlboro Police Department

## SCHOOL DAY BEGINS

*Photo by G. Becker*

### REPORT OF ZONING ADMINISTRATOR 1972

The Zoning Officer would like to bring to the attention to anyone concerned with a zoning permit, that the VSA Chapter 91, Section 4443 requires in brief that:

No land development shall be commenced without a permit.

No zoning permit shall take effect until the time for appeal has passed (15 days, Section 4464)

A copy of the zoning permit will be posted at the Town Clerk's Office within 3 days of issuance and remain until 15 days from issuance.

If construction is started without a permit the land owners can be fined up to \$50 per day for each day in violation.

Those requiring a permit should obtain one at a reasonable time before site preparation on construction.

Permits were approved in 1972 as follows:

12 residential dwellings	2 mobile homes
3 vacation buildings	2 barns
5 garages	5 miscellaneous buildings
8 building additions	1 theater
	<u>1 sign</u>
	39 TOTAL

**VERMONT STATE DEPARTMENT OF HEALTH**  
**ANNUAL TOWN REPORT, F.Y. 1971-72**

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1971 through June 30, 1972.

Number of Well-child and School Medical Conferences, and Immunization Clinics held in this town	1
Attendance of town residents at above conference;clinics in this or nearby towns	50
Number of children aided under Child Health Programs (Child Development Clinic, Handicapped Children's Clinics, Pediatric Consultation and Diagnosis)	4
Attendance at dental health, brushing, and flossing classes, and dental inspections	68
People X-rayed for tuberculosis detection	4
People X-rayed for occupational diseases	---
People served by tumor diagnostic screening services	4
Attendance at diabetes clinics or physician office screening for diabetes	18
Attendance at glaucoma screening clinics	4
Attendance at amblyopia screening clinics (3-5 yr. olds)	1
Diphtheria, tetanus, Whooping cough immunizations	15
Polio Immunizations	17
Smallpox Immunizations	---
Red Measles (rubeola) Immunizations	15
Rubella (German Measles) Immunizations	10
Number of water samples from supplies serving the public	35
Blood specimens tested (pre-marital, pre-natal, & other)	32
Other laboratory specimens	104
Sanitary inspections & consultations to licensed food & lodging establishments and to other public & private facilities	56
Public Health Nurse visits to individuals	60
Number served by above visits	24
Other consultations, program, and group service activities of Public Health Nurses to residents of this town, or held in this town for area residents	64

The Home Health Services program, in addition to providing for the survey of home health agencies as required by Medicare, works cooperatively with the Division of Public Health Nursing, works closely with the Vermont Assembly of Home Health Agencies and the Agency of Human Services in seeking the provision of certified home health care available to all the people of the State.

Respectfully submitted,  
R.B. Aiken, M.D., M.P.H.  
Commissioner of Health

Charles Hartenbach  
Health Officer

**REPORT  
OF  
THE HISTORICAL SOCIETY OF MARLBORO**

The Historical Society of Marlboro experienced a very busy year with most of the activities centering on the Newton House. Work was done both above and below ground to repair and improve it, the most visible change being the cheerful yellow coat of paint which the house now wears. The cost of that undertaking was paid for in large measure by a highly successful art show which featured the works of members of the Marlboro community.. apparently an exceedingly gifted and skillful group!

The museum was opened to visitors every Saturday during the summer, thanks largely to the efforts of one of our most loyal members. The grammar school children enjoyed their own special tour as part of the Memorial Day activities. Members participated throughout the year, many actively pursuing an area of particular interest (such as the schools of early Marlboro) for presentation to the group. Fascinating items have been added to our collection this past year, each of which adds something special to the total picture of bygone days in Marlboro. Such gifts, and the generosity of those who contribute time and money to the Society continue to be the vital forces necessary for making any project a living, growing endeavor.

The Society welcomes new members at any time. Ideas are already being generated for this summer's activities which promises to be the most varied and interesting season yet. Please do try to be with us.

Respectfully submitted,

A.W. Bartlett, Pres.

## REPORT OF THE MARLBORO VOLUNTEER FIRE COMPANY

Early in 1972 it became apparent that our old Engine No. 2 (1937 Diamond-T) was no longer reliable as a second pumper and we decided to buy a much newer second hand truck as soon as a suitable one became available. We were fortunate in locating a 1959 Maxim Custom 750 gpm pumper in eastern Pennsylvania which we were able to purchase in December. Our total indebtedness now stands at \$15,500.00.

We are adding several tone-alert radio monitors and making minor revisions in our base radio communications system, to allow participation in the newly formed Deerfield Valley Fire Mutual Aid System which includes among others the bordering towns of Halifax, Whitingham, Wilmington, West and East Dover. The formal establishment of this system gives us the same mutual aid coverage from the south and west that we have enjoyed for many years from the north and east.

Last year your fire department became an equal opportunity organization by accepting its first..... and we believe, the area's first..... firewoman. This addition together with several other pluses and a few minuses, leaves us with a total active roster of twenty firepersons. We are still looking for more people for both active firefighting and to participate in the expanding rescue service. Anyone interested is urged to get in touch with the department.

### 1972 fire statistics as follows:

- 1 Standby, overturned propane truck
- 3 smoke investigations
- 5 car/truck fires
- 6 medical emergencies
- 1 chimney fire
- 1 response to automatic alarm
- 5 false alarms
- 2 house fires
- 1 mutual aid rendered/search for missing persons
- 3 mutual aid rendered/fire
- 1 mutual aid rendered/cover
- 1 mutual aid received/cover

To report a fire, police or medical emergency in Marlboro dial 254-4122.

Robert S. Bartlett, Fire Chief

ON THE WAY?

## REPORT FROM THE ENVIRONMENTAL OFFICER

The Environmental Officer, appointed by the Selectmen, is available to anyone with questions about state laws or regulations concerning development, pollution control, and environmental protection. This Officer is not responsible for policing or enforcing state laws, although he will refer specific problems to the proper authorities if necessary.

Many problems, costly delays, and misunderstandings could be avoided if people or institutions would check with the Environmental Officer or the Windham Regional Commission staff (as well as the local Zoning Administrator) before proceeding with plans for development possibly regulated by state authorities or agencies.

As the Environmental Officer this year, I have answered several questions from the Selectmen and Planning Commission. In addition, individuals have contacted me on two or three occasions with questions or minor problems.

Respectfully submitted,  
Wesley T. Ward

## POUND KEEPERS REPORT FOR 1972

9 Dogs picked up and held for claiming:

- 4 dogs claimed
- 3 dogs destroyed
- 2 dogs - homes found

1 German Shepherd picked up routinely and returned to its home (twice a month)

Cost of handling dogs.	\$ 36.00
------------------------	----------

5/72 Purchases — 2 leashes	
— 2 tie out chains	
— 2 choke collars	15.09

8/72 Town has 1 additional leash, and one additional collar	NC

Pound Keeper

## WINDHAM REGIONAL PLANNING AND DEVELOPMENT COMMISSION

### 1973 Town Meeting Report

The Windham Regional Commission (WRC) is an arm of local government in the Windham County area. Formed and partly paid for by the region's residents each March at Town Meeting, the Commission is made up of two representatives - or commissioners - from each of the 24 member towns.

Over the past year the main thrust of the Commission's program has been in LAND - DEVELOPMENT QUESTIONS AND ISSUES. Local control has been urged through the adoption of sensible and effective town plans and land use controls. At this point 21 communities have plans that speak to their future growth and development, 18 towns have zoning regulations and 6 towns have subdivision regulations. Passing plans and land use controls is one thing, making them work is another. The assistance given selectmen and planning commissions by WRC staff in preparing and adopting town plans and land use controls is matched by assistance to zoning administrators and boards of adjustment in the administration and enforcement of zoning and subdivision regulations.

While local control over land development is encouraged, state environmental controls more and more are a fact of life. Vermont's land development law, Act 250, has received much attention from the Commission in this regard. The WRC has worked with officials and citizens in all but five of the region's towns in evaluating duplications for Act 250 development or subdivision permits. The Commission has also worked closely with local and state officials in the preparation and review of the state Act 250 plans, one of which (Capability and Development Plan) is presently before the Vermont legislature.

The proposed WRC budget for 1973-74 is \$85,500. Town assessments will be at \$.50 per capita, making the towns' share of the budget \$17,500. The remaining funds will come mainly from state and federal planning and development grants. Marlboro's share will be \$296.

The WRC's office is at 139 Main Street in Brattleboro. Stop by or call the office (254-8188, 257-7198) if you want more information on the WRC's program or if you would like to receive Windham Region News, the WRC's monthly newsletter.

As Chairman of the Commission, I am particularly interested in any comments and suggestions from Marlboro residents.

Respectfully submitted,  
Wesley T. Ward  
Regional Planning Commissioner

**WINDHAM COUNTY MENTAL HEALTH SERVICES, INC.**  
**(formerly Family and Child Guidance Services)**  
67 Main Street, Brattleboro, Vermont  
**A REPORT TO THE VOTERS OF MARLBORO, VT.**

The Windham County Mental Health Services, Inc., as its new name indicates, provides a continually expanding service to all people of the county. This service is provided by a professional staff of psychiatrists, psychologists, social workers, nurses, and other mental health specialists.

Specifically, services are now available for those feeling the need in the areas of marital problems, parent-child relationships, and other family problems, adjustment problems involving the school and community, alcoholism and drug abuse, and numerous other problem categories of human relationships.

Specialists of the staff lend their skills in such areas as crime prevention, mental retardation, developmental disabilities, the Big Brother - Big Sister programs, summer camping for the under-privileged children, day care centers, problems of the elderly, and post hospital care.

All of these services have been made possible through an act of the legislature which has resulted in a partnership of town and state funding. There are now eleven community mental health centers in the State. Windham County towns have given us wide and generous support in the past. Such a sharing in funding makes possible a much needed service that would be impossible for a small town to provide for its citizens alone. About 15% of our funds come from federal grants and 35% from the State. Local funds are used to match these state and federal funds where possible.

Prior to this year, we have requested \$.93 per capita from each town based on the 1960 census. This year, reflecting the increased population, we are requesting an amount based on the 1970 census at \$.85 per capita. We do hope that you will continue the appropriation so that we may continue and increase this service to your town.

Our trustees, broadly representative of the county, and the professional staff appreciate your interest in the program through your continued support.

Russell S. Hanson  
President

## PLANNING COMMISSION REPORT - 1973

The Marlboro Town Planning Commission spent a large portion of the winter 1972 considering amendments proposed by Kenneth V. Fisher to the 1971 Town Zoning Ordinance, submitting its opinion on these amendments in April. The other major consideration of the year was Mr. Fisher's suit challenging the constitutionality of the 1971 Zoning Ordinance. The case was heard in Windham County Court in May, resulting in a favorable decision for the Town. Mr. Fisher's appeal is pending.

A number of applications for conditional uses and subdivisions were received, notably from Marlboro College for a small subdivision of lots for faculty purchase off South Road and a conditional use permit for a proposed theater in the Marlboro College District. Checks were made on compliance with Town specifications in the two large subdivisions now under way in Marlboro (Church Hollow and The Birches). In several instances enforcement was necessary. Both subdivisions submitted plans for further development or modification.

The Planning Commission is presently engaged in the study of a number of amendments to make the 1971 Zoning Ordinance conform more closely to the wishes of townspeople, and to clarify the relationship of the Ordinance to state law.

The Commission welcomes suggestions and comments by townspeople, and reminds everyone that its meetings are open to the public.

Willene B. Clark, clerk
